Website : <http://www.The-PE-Electrical-Professor.com>

- **EE PE Power Systems Review Course (\$1,550) _____ (Payable by check the first class session on Saturday afternoon)**

This is one of two preparatory courses for the EE Power Systems PE Exam.

- **EE Power System Basics for the Electrical PE Exam (\$1,550) _____ (Payable by check the first class session on a Thursday evening in February)**

This second course follows the first course in parallel and covers power systems basics that are usually taught in a power systems undergraduate EE program. The price is the same for the second 10 week course, \$1,550 per person. Both courses are independent and can be taken simultaneously.

Check payable to “PE Electrical Professor, LLC”
