Civil PE Review Refresher - Spring 2022

This PSPE PE Review Course has proven to be very beneficial in preparing young engineers for professional registration in our area.

Beginning this spring, in April 2022, the Civil PE Exam is a computer based exam and will be administered year-round at NCEES-approved Pearson VUE test centers.

This PE Exam Review Course helps exam applicants prepare for the Civil PE Exam. The topics are taught by professional engineers who have both industry and teaching experience. The review course consists of 30 hours of lectures covering the common topics of both the breadth and depth Civil PE Exam. The topics include: structures, construction management, geotechnical, highway design and traffic analysis, environmental and water resources.

- Thirty (30) hours of instruction from 5 separate instructors that help exam applicants prepare for the Civil PE Exam.

WHEN: Thursdays from March 24 to May 26, 2022 from 6 PM to 9PM

WHERE: Virtual On-line Class

Cost: \$580 for 30 hours of instruction (minimum of 6 registrations). Registration closes Friday, March 18, 2022.

Please Visit: pittsburghpe.org/events for more information to register.
